American Tree Farm System Standards of Sustainability

1. **Commitment to Practicing Sustainable Forestry**

2. **Compliance with Laws**

3. **Reforestation and Afforestation**

4. **Air, Water, and Soil Protection**

5. **Fish, Wildlife, Biodiversity and Forest Health**

6. **Forest Aesthetics**

7. **Protect Special Sites**

8. **Forest Product Harvests and Other Activities**

Over 10 million acres (63%) of Virginia's woodlands are owned by folks like you. Virginia woodland owners are committed to improving the health and productivity of their forests. And over 1,000 Virginia woodland owners have taken an extra step to improve their forests by adopting and implementing the American Tree Farm Standards of Sustainability to become Tree Farmers.

The Virginia Tree Farm Foundation would like to invite current and potential Tree Farmers to a field tour, social, & dinner this fall.

Participants will tour a Tree Farm and learn about the sustainable management activities being implemented. Specific topics are site dependant and include: pine & hardwood management, sugar bush operations, wildlife habitat, Christmas tree production, and cost share opportunities. You'll also learn about the Virginia Tree Farm Foundation - where it has been and where it is going.

Pre-registration is required.

Detailed agendas for each dinner are available at: https://forestupdate.frec.vt.edu/

September 13*
Moyers Tree Farm
Laurel Fork Sapsuckers Sugar Camp
2019 Virginia Tree Farm of the Year!
